- Scan the QR code

- Upvote open ended question responses (up to 5 per question)
- Live-chat enabled
- Q&A enabled

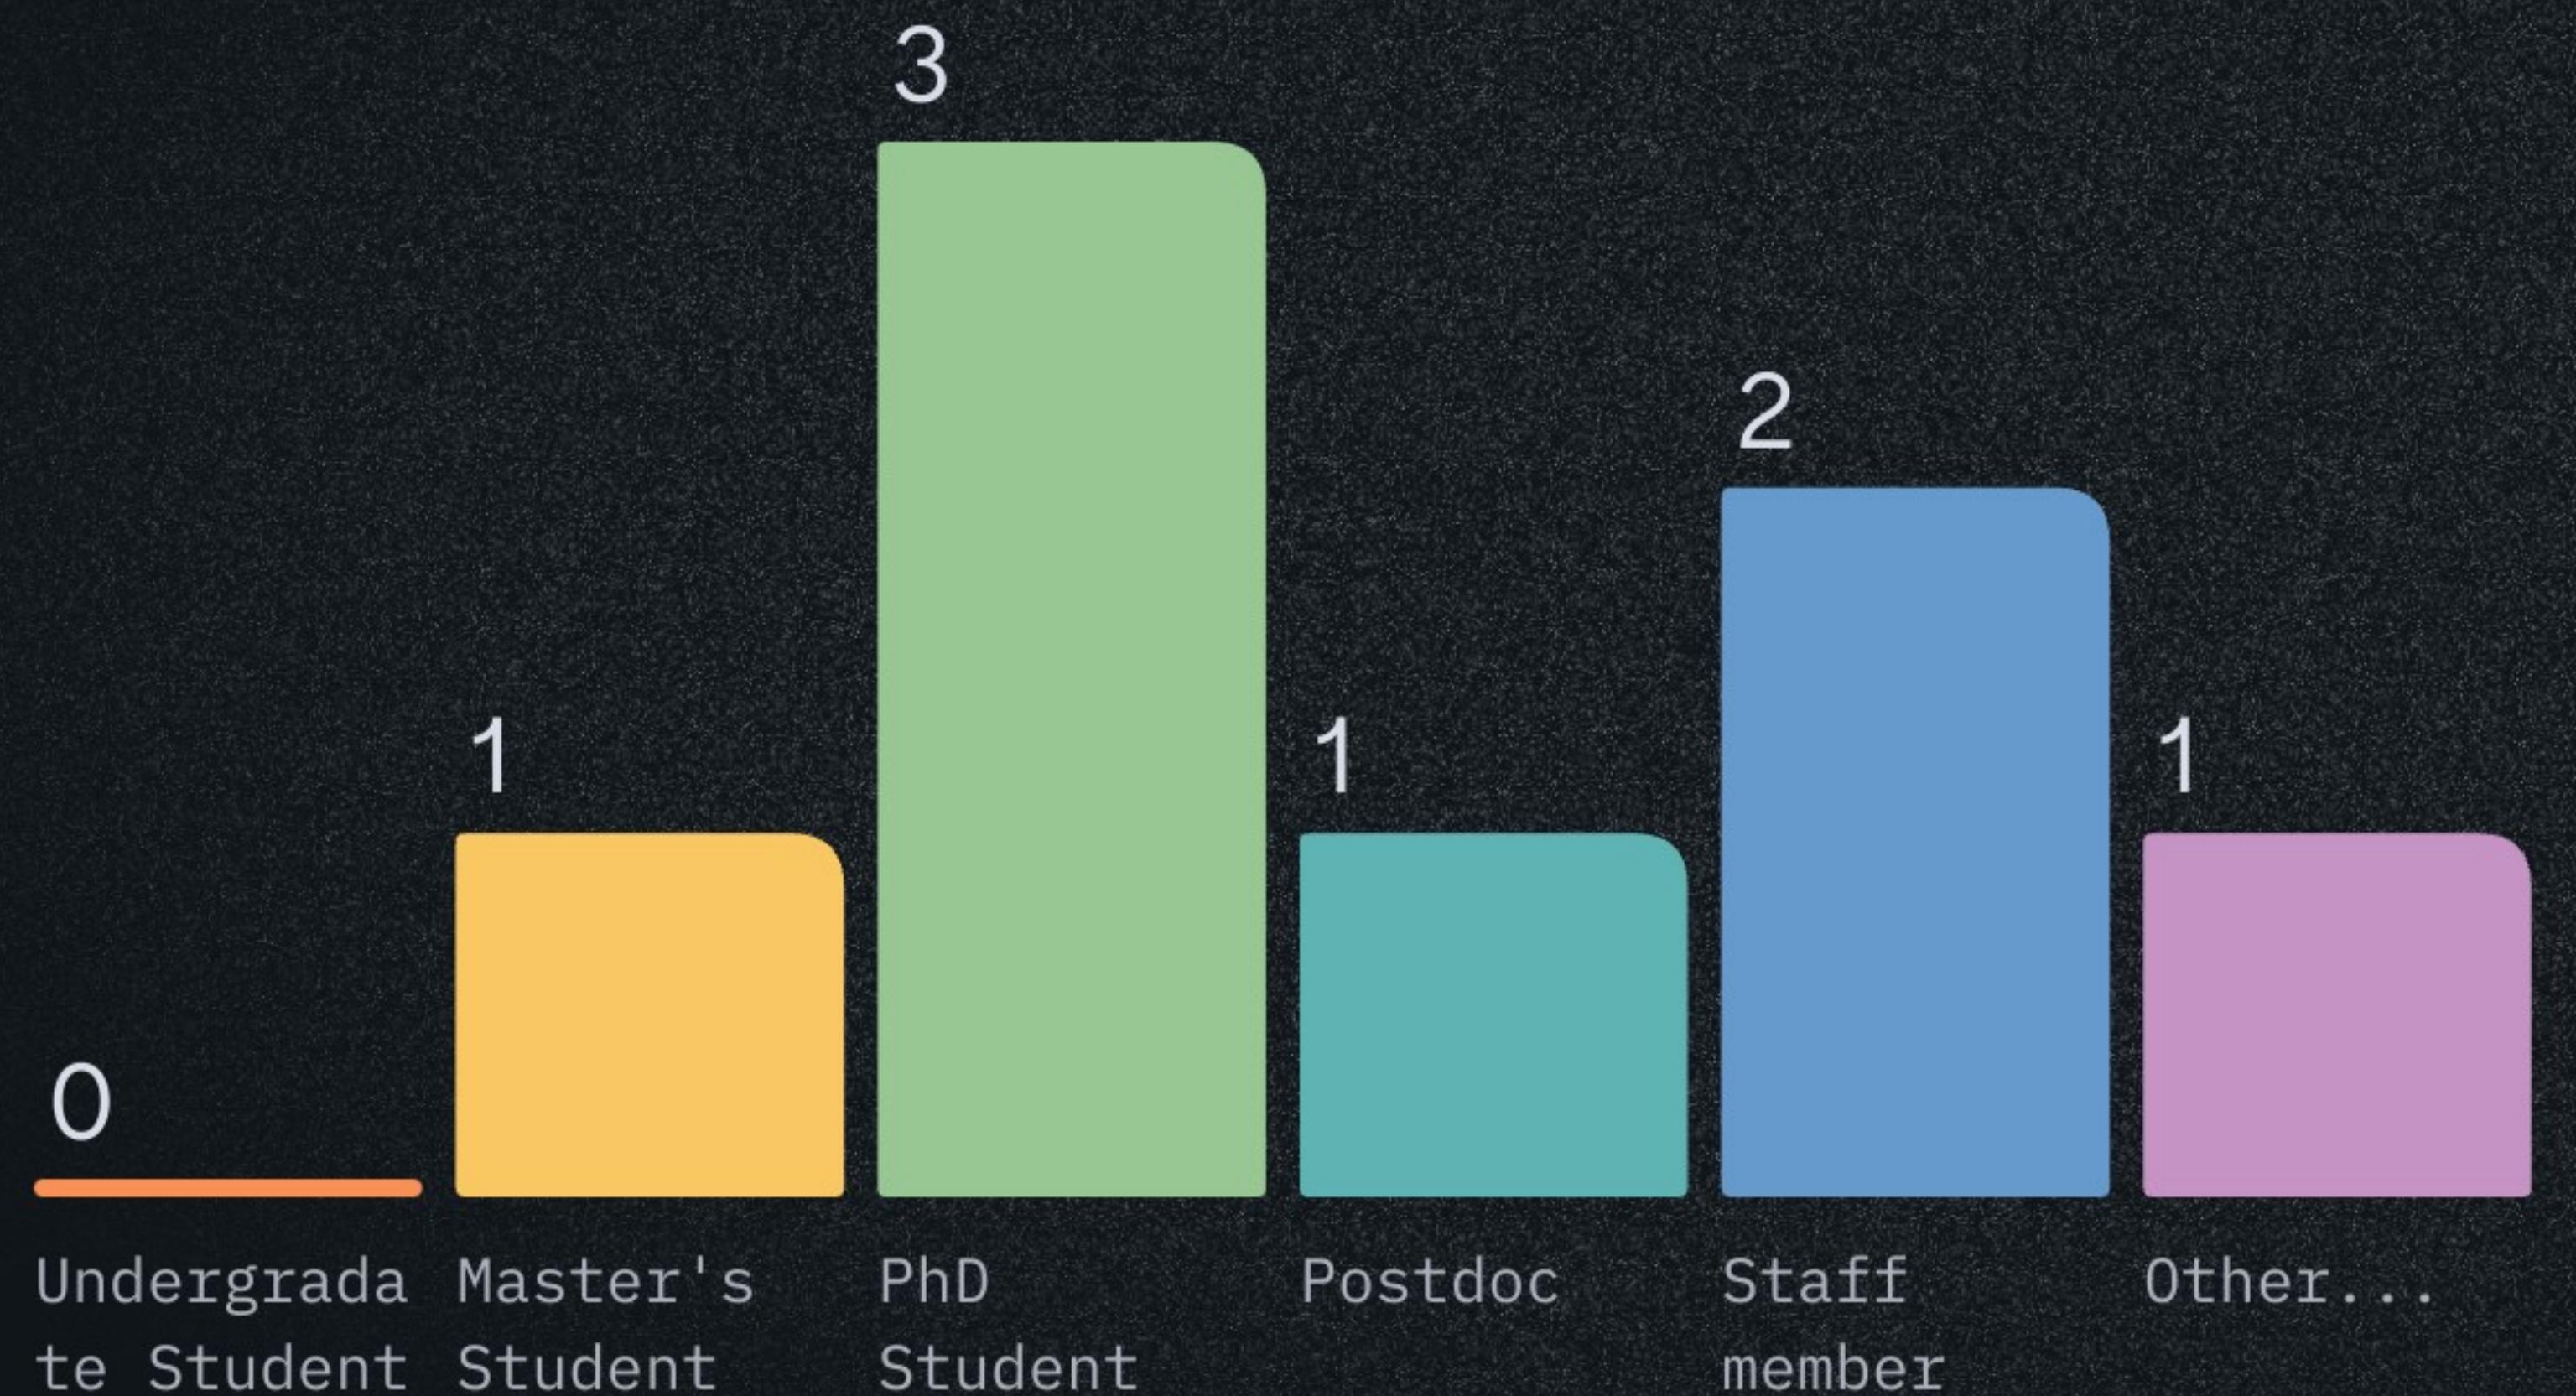

In one word, describe your experience with R so far?

9 responses

complicated evolving
impressive
learning curve
endless
3 yrs experience
rewarding difficult longterm

Which best describes you?

Where are you on your R journey?

0

What is R?!

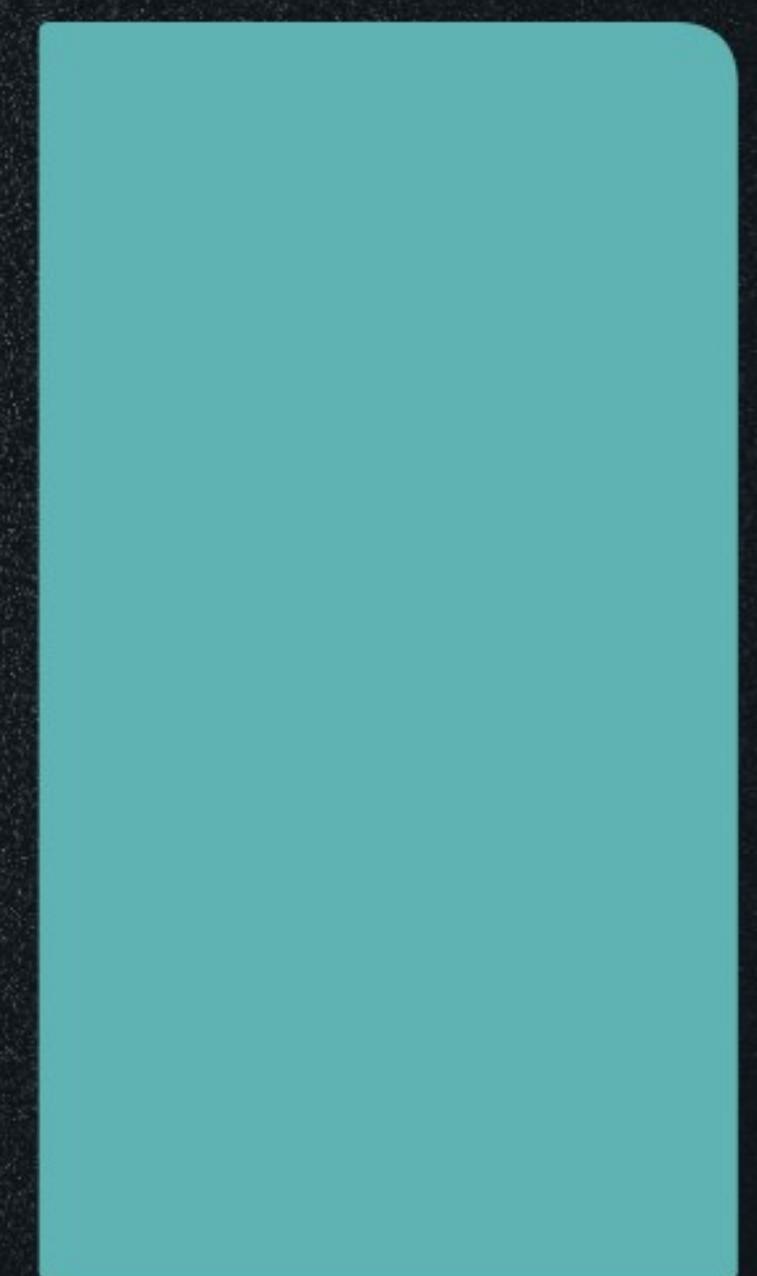

0

R beginner

3

I know the basics

4

I'm ready to learn
advanced things

How do you currently use R in your day to day work?

Data analysis

Data analysis,
visualisation,
report writing

Experimental
design

Statistics and
data
visualisation

wrangling,
analysis,
visualisation

Vert much data
wrangling and prep
but the wrangling
does help you
understand the data.
The stats techniques
are the minor part.

Making websites
yes

What do you want to get out of HARUG sessions?

6 responses

exposure to new technique
different datasets
new techniques
new methods
exploring different data

Discussion topics

What R related topics are you most interested in exploring during our sessions?

organising your
data analysis

3

Popular

Tidy data

2

troubleshooting

2

Different ways of
visualising your
data - making
cool graphs

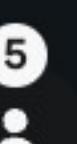

2

math concepts

1

using R projects

1

Are there any specific statistical methods or data visualization techniques you'd like to learn more about?

ag economic
packages

Monte Carlo
simulations

Ecology related
packages

Are there any particular packages you're interested in learning about?

Are there any questions you find yourself asking when using R?

why isnt it working?

fgs

OUTPUT

UUUUURRRRRRRRRRR
RRRRR

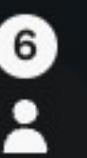

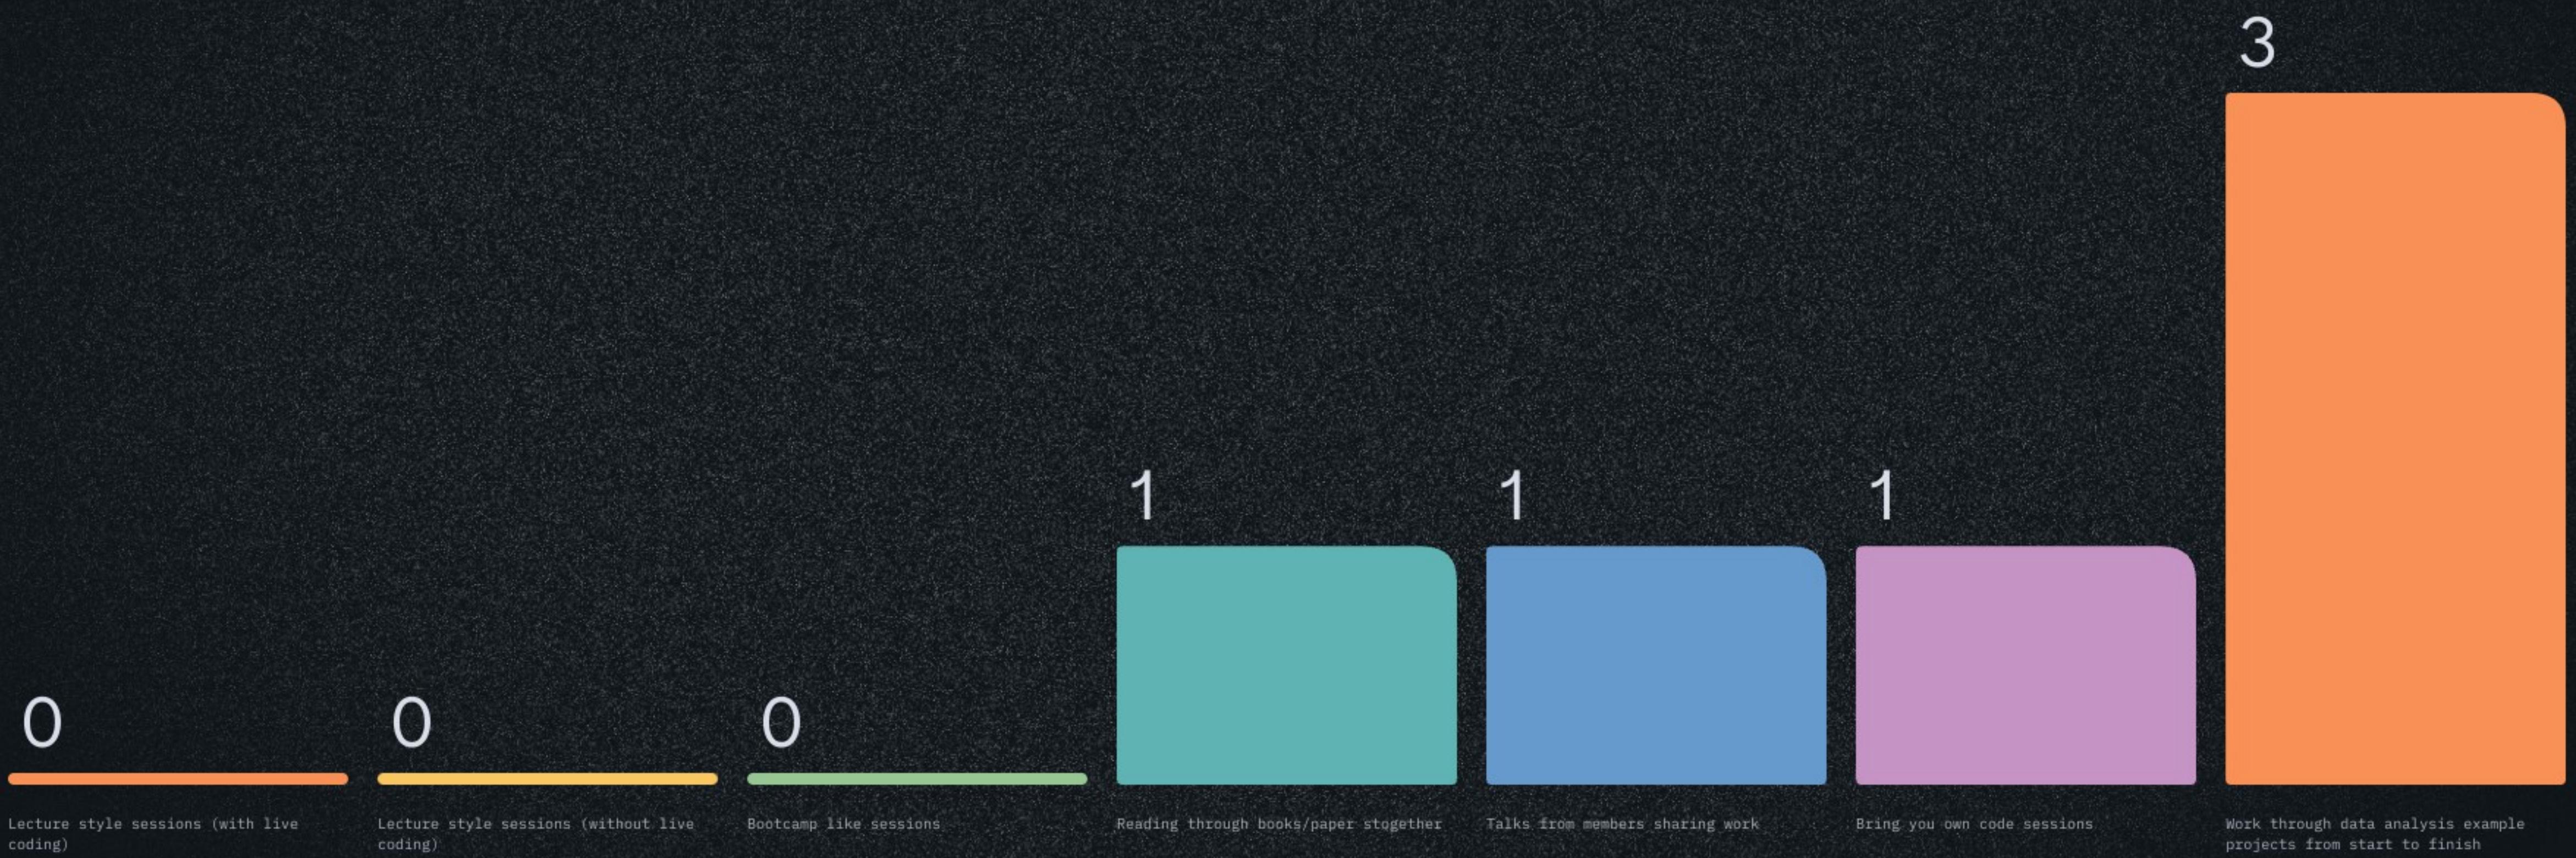

why?

How to interpret the output sometimes

"next time i run this, it wont even work"

debugging code - help and tips for longish scripts

What type of sessions are you most interested in?

What's one thing you would like to take away from future sessions?

3 responses

new skills
more confidence with r
better r profocency

Do you have any final thoughts or feedback for HARUG sessions?

Thank you for running the sessions!

Many thanks for keeping working on this.

HARUG is essential and it would be great if there was higher attendance
